Curriculum Vitae		
Dr. Tsz Yin Voravitvet (Dr. Jean) is a board-certified plastic and reconstructive surgeon, certified since 2018, with a clinical fellowship in reconstructive microsurgery from Chang Gung Memorial Hospital, Taiwan. Dr. Voravitvet specializes in facial palsy reconstruction, with expertise ranging from dynamic restoration of facial function, including eyelid reanimation, to refinement procedures for facial symmetry and aesthetic enhancement. She is a member of the pioneering team that established Thailand's first multidisciplinary clinic dedicated to facial palsy care. She is also a frequent speaker at national and international conferences, sharing her expertise and contributing to the advancement of facial palsy reconstruction. In addition to facial palsy reconstruction, Dr. Voravitvet performs a wide range of reconstructive microsurgical procedures, including head and neck reconstruction, breast reconstruction, lymphedema surgery, and peripheral nerve reconstruction.
