Curriculum Vitae		
Dr. Nino V. Abdiba is an Orthopaedic Traumatologist and Junior Research Assistant in the Department of Hand Surgery with Microsurgical Equipment (No. 16) at the Vreden National Medical Research Center for Traumatology and Orthopedics, Saint Petersburg, Russia. She graduated from Volgograd State Medical University (2018) and completed her residency in orthopaedic traumatology at the Turner National Medical Research Center for Pediatric Traumatology and Orthopedics (2021). Her research focuses on hand and upper-limb reconstructive microsurgery and patient-reported outcome measures. She has authored 33 publications, including 8 indexed in Scopus/Web of Science, and holds 7 Russian Federation patents. She completed clinical observerships at Asan Medical Center (Seoul, 2024), EMOT Clinic (Izmir, 2025), and the FESSH Academy (Hong Kong, 2026).
