Curriculum Vitae		
Professor Theddeus Octavianus Hari Prasetyono, MD, PhD is a Professor of Plastic and Reconstructive Surgery at the Faculty of Medicine, Universitas Indonesia, a Consultant Plastic Surgeon at Dr. Cipto Mangunkusumo National General Hospital, Jakarta, and the Head of the Board of Professors at Universitas Indonesia. I currently serve as Chair of the Professor Council at Universitas Indonesia and Chair of the ISAPS Residents Education and E-Learning Committee. My clinical and academic interests include hand and microsurgery, reconstructive and aesthetic surgery, scar management, wound healing, congenital anomalies, and surgical education. I had my previous training in reconstructive microsurgery at MD Anderson Cancer Center, as well as hand and microsurgery training at the Buncke Clinic in the United States. Beyond clinical practice, I am actively involved in international collaboration, research, medical education, and professional advocacy. In recent years, I have contributed to national discussions on strengthening the quality, governance, and independence of medical education. I have authored numerous scientific publications and books and regularly serve as an invited speaker and faculty member at international scientific meetings.
