Curriculum Vitae

Yeongyoon Koh is an Assistant Professor of Orthopedics at Soonchunhyang University Hospital Seoul, South Korea. Dr. Koh completed medical education at Jeju National University and an orthopedic residency at Veterans Health Service Medical Center, followed by an appointment as Clinical Assistant Professor at Korea University Anam Hospital from 2024 to 2026. A board-certified orthopedic surgeon, Dr. Koh also holds subspecialty certification in hand and micro-reconstructive surgery from the Korean Society for Surgery of the Hand. Research focuses on hand and wrist surgery, including triangular fibrocartilage complex repair, ulnar shortening osteotomy, thumb carpometacarpal arthritis, and peripheral nerve disorders. Dr. Koh's publications also address orthopedic trauma, arthroplasty, and clinical outcomes across musculoskeletal conditions.
